

## We have the data.

Tracers helps you provide new service offerings and strengthen other solutions you offer today by tapping into more data, better data, and better value with Tracers' competitive quality, pricing, and service. By combining powerful search technology with leading innovation, we deliver access to billions of public records and proprietary data sources to qualified background screening organizations and their suppliers.

### Trace Products

**SSN and Address History Traces:** Tracers' trace solutions access billions of records instantly with coverage that spans nearly every single adult in the U.S. With our more than 6,000 data sources and details on over 900 million U.S. addresses connected to millions of consumers and businesses, our proprietary ranking delivers reliable trace data with ranked up-to-date SSN verification and address record information. Tracers includes a 40 year address history which employs unparalleled historical data. Tracers is always the clear choice for any organization's trace needs.

**Other Trace Products Include:** [Live Credit Headers](#), [Birth & Death Records](#), [Premium Pointer/Indicator Searches](#)

### Court Records

**Premium BLJ Search:** You need BLJ (Bankruptcy-Lien-Judgments) data and Tracers has it. Our Premium BLJ Search is the preeminent resource for quality BLJ screening, combining the three searches into one intensive sweep of hundreds of millions of records across the U.S. to provide the critical pointer data our clients demand.

**Other Court Record Searches Include:** [Arrests](#), [Criminal](#), [Warrants](#), [OFAC](#), [SOR](#)
